I still do not have the final signed copy from HQ. I would however also remind CHK that a couple of outstanding action items from you remain, namely feedback on the potential for microseismic as part of the study and draft QAPP section on MIT as discussed earlier.

So yes, I would postpone the call till next week.

Subject: Conf Call

Bob,

You requested last week to hold off on the conference calls until EPA provided CHK with a signed and approved copy of the QMP. Would you like me to cancel today's conference call since we have not received this document to date?

Thank you,

Chris Hill
